

Super Contactor Mantrip 72V

The 72V Super Contactor Mantrip has all the necessary power to get up to 12 miners to the outby working area of an underground mine. The Super Contactor Mantrip can be built with a canopy to protect passengers from small rock falls. The Super Contactor Mantrip can be equipped with passenger seats, if the overall height of the mine permits.

With features like front and rear lights, a heavy duty planetary differential, and hydraulic wet disc brakes, the 12 man 72V Super Contactor Mantrip is a great benefit in a variety of industries. Johnson Industries' Super Contactor Mantrip is the ideal personnel carrier and is or can be used around the world in salt mines, coal mines, molybdenum mines, zinc mines, potash mines, gold mines, rock mines.

Featuring a 10.2 HP motor, panic switch, and a 3500 lb front axle with roller bearings, the Super Contactor Mantrip from Johnson Industries is a great solution for your industry's personnel carrier needs.
